What is Responsible Conduct of Research?
Practicing research with integrity

- p-hacking
- Excluding data
- Misusing authority
- Unethical authorship
- Unethical peer review
- Inadequate record keeping
- Unethical publication practices
- Misappropriation of research funds
- Selective transparency of hypotheses
- Non-compliance with University policies
- Delaying or impeding work of collaborators
- HARKing (hypothesizing after results are known)
- Non-compliance with sponsor-related requirements
- Citing selectively or expanding bibliography unnecessarily
- Non-compliance with reporting and/or registry requirements
- Violating privacy and/or confidentiality rules and/or agreements
- Non-compliance with human subjects and/or animal requirements
- Conflicts of interest mismanagement (financial and/or commitment)

RCR = Responsible Conduct of Research
RM = Research Misconduct
* Fabrication, Falsification, Plagiarism (US)
